Fibonacci Conference

The 20th International Conference on Fibonacci Numbers and Their Applications

July 25–29, 2022
University of Sarajevo, Bosnia and Herzegovina

ORGANIZERS
Thomas Martinez (Harvey Mudd College: tmartinez@g.hmc.edu)
Steven J. Miller (Williams College: sjm1@williams.edu)
Lejla Smajlović (University of Sarajevo: lejla.smajlovic@efsa.unsa.ba)
Zenan Šabanac (University of Sarajevo: zsabanac@pmf.unsa.ba)
Lamija Šćeta (University of Sarajevo: lamija.sceta@efsa.unsa.ba)

CONFERENCE INFORMATION

The purpose of the conference is to bring together people from all branches of mathematics and science with interests in recurrence sequences, their applications and generalizations, and other special number sequences. For the conference proceedings, manuscripts that include new, unpublished results (or new proofs of known theorems) will be considered, and can be submitted *before* the conference. There may be a brief workshop, open to all, before the conference to go over background information to help prepare participants for the talks. This would be online, and these talks and slides would be posted on the conference homepage at `http://195.130.32.39/fibonacci20/index.php`. Information regarding registration, accommodations, transportation, submission of manuscripts, and the conference program will be posted online at a later date. For more information, email: `fibconf@gmail.com`.

Note: due to the ongoing pandemic response, all plans are tentative. Email sjm1@williams.edu for more information, including being added to lists for updates, or to help expedite publishing the conference proceedings by submitting papers when ready.
