CONFERENCE INFORMATION

The purpose of the conference is to bring together people from all branches of mathematics and science with interests in recurrence sequences, their applications and generalizations, and other special number sequences. For the conference proceedings, manuscripts that include new, unpublished results (or new proofs of known theorems) will be considered. Submission information will be posted on the conference website at a later date.

More information regarding registration, accommodations, transportation, submission of manuscripts, and the conference program can also be found in due course at the conference website.

Confirmed plenary speakers are Sarah Koch (University of Michigan) and Florian Luca (University of the Witwatersrand, Johannesburg).
