CORRIGENDUM

In the November 1998 issue of *The Fibonacci Quarterly* (Vol. 36, no. 5), Clark Kimberling's article entitled "Edouard Zeckendorf" appeared on pages 416-418. Due to an unfortunate printing error, the signature which was to accompany the article was inadvertently omitted. We apologize to the author, and are pleased to present the missing signature below:

A handwritten signature in black ink, appearing to read "ZECK". The signature is written in a cursive, flowing style with a diagonal orientation from bottom-left to top-right.
